

# Crystal Tooth Jewels

## Each kit contains:-

- 340 crystals
- 1 LED fibre optic light
- Light activated resin
- Etching agency (Tooth cleansing gel)
- Tweezers
- Accessories
- Full instructions and poster

## Application

Takes no more than 15 mins to do  
Tooth crystal will last up to 3 months  
~ in some cases longer

After care; Do not eat or drink for 1 hour after application, avoid hot beverages for 3 hours, allowing the resin plenty of time to cure. You may brush teeth as normal perhaps a little more gently around crystal.

## Return on Investment

Recommended cost per service	\$30-\$50
Profit on kit (based on charge of \$30 per crystal)	\$10,200.00
Profit on kit (based on charge of \$50 per crystal)	\$17,000.00
